## Shout Out to Fosters!

We have the funds, we have the commitment from the Irish and Aussie teams. Now it's YOUR time to shine!

More foster families are always needed. Could you help us on the ground? With eight pups (or more!) arriving each month, we need foster homes in Alberta, especially the Edmonton area. Imagine the experience of helping a greyhound transition to a home setting and learning about his/her personality traits.

These are the essential first steps to matching them with their most appropriate forever home.

We appreciate our foster families! Thank you for the important assistance you provide.

# ANNOUNCEMENTS

Keep your photos and videos coming!

## For Social Media

Isn't it fun to see your pooch featured on social media? And we love to feature them, so please keep submitting your still shots and videos of your greys looking regal or silly -- we don't care because they are all awesome.

## For Calendars

Yes, it's that time again! We are starting to collect photos for the 2024 CeleGreytion calendars. You can email your houndy snaps to [northernskygreyhounds@gmail.com](mailto:northernskygreyhounds@gmail.com).

## Greyt Conversations

Greyt Conversations are a chance to connect with greyhound owners across the country - to ask questions or just share experiences.

We will start with a short talk on all things feet - corns, nail trimming and general foot care. After that we will open the floor to questions or for your input.

This is the first in a series of planned Greyt Conversations - mark your calendars now at the same time on the third Tuesday of each month.

First Greyt Conversations: **June 20th @ 7:00pm:**

*Did you know there is a Hawaiian word for what you are to your pets?*

*A kahu is one who has a dog, cat, other pet. The term "implies the most intimate and confidential relations between the god and its guardian or keeper".*
